

Color swatches chart (similar to cover quilt)

Use this Color swatches chart to keep track of your fabric color groupings. In the cover quilt, numbers 1 to 8 are warm colors and colors 9 to 16 are cool colors. Cut a small swatch of your fabric or color in the square for each number.

Warm colors

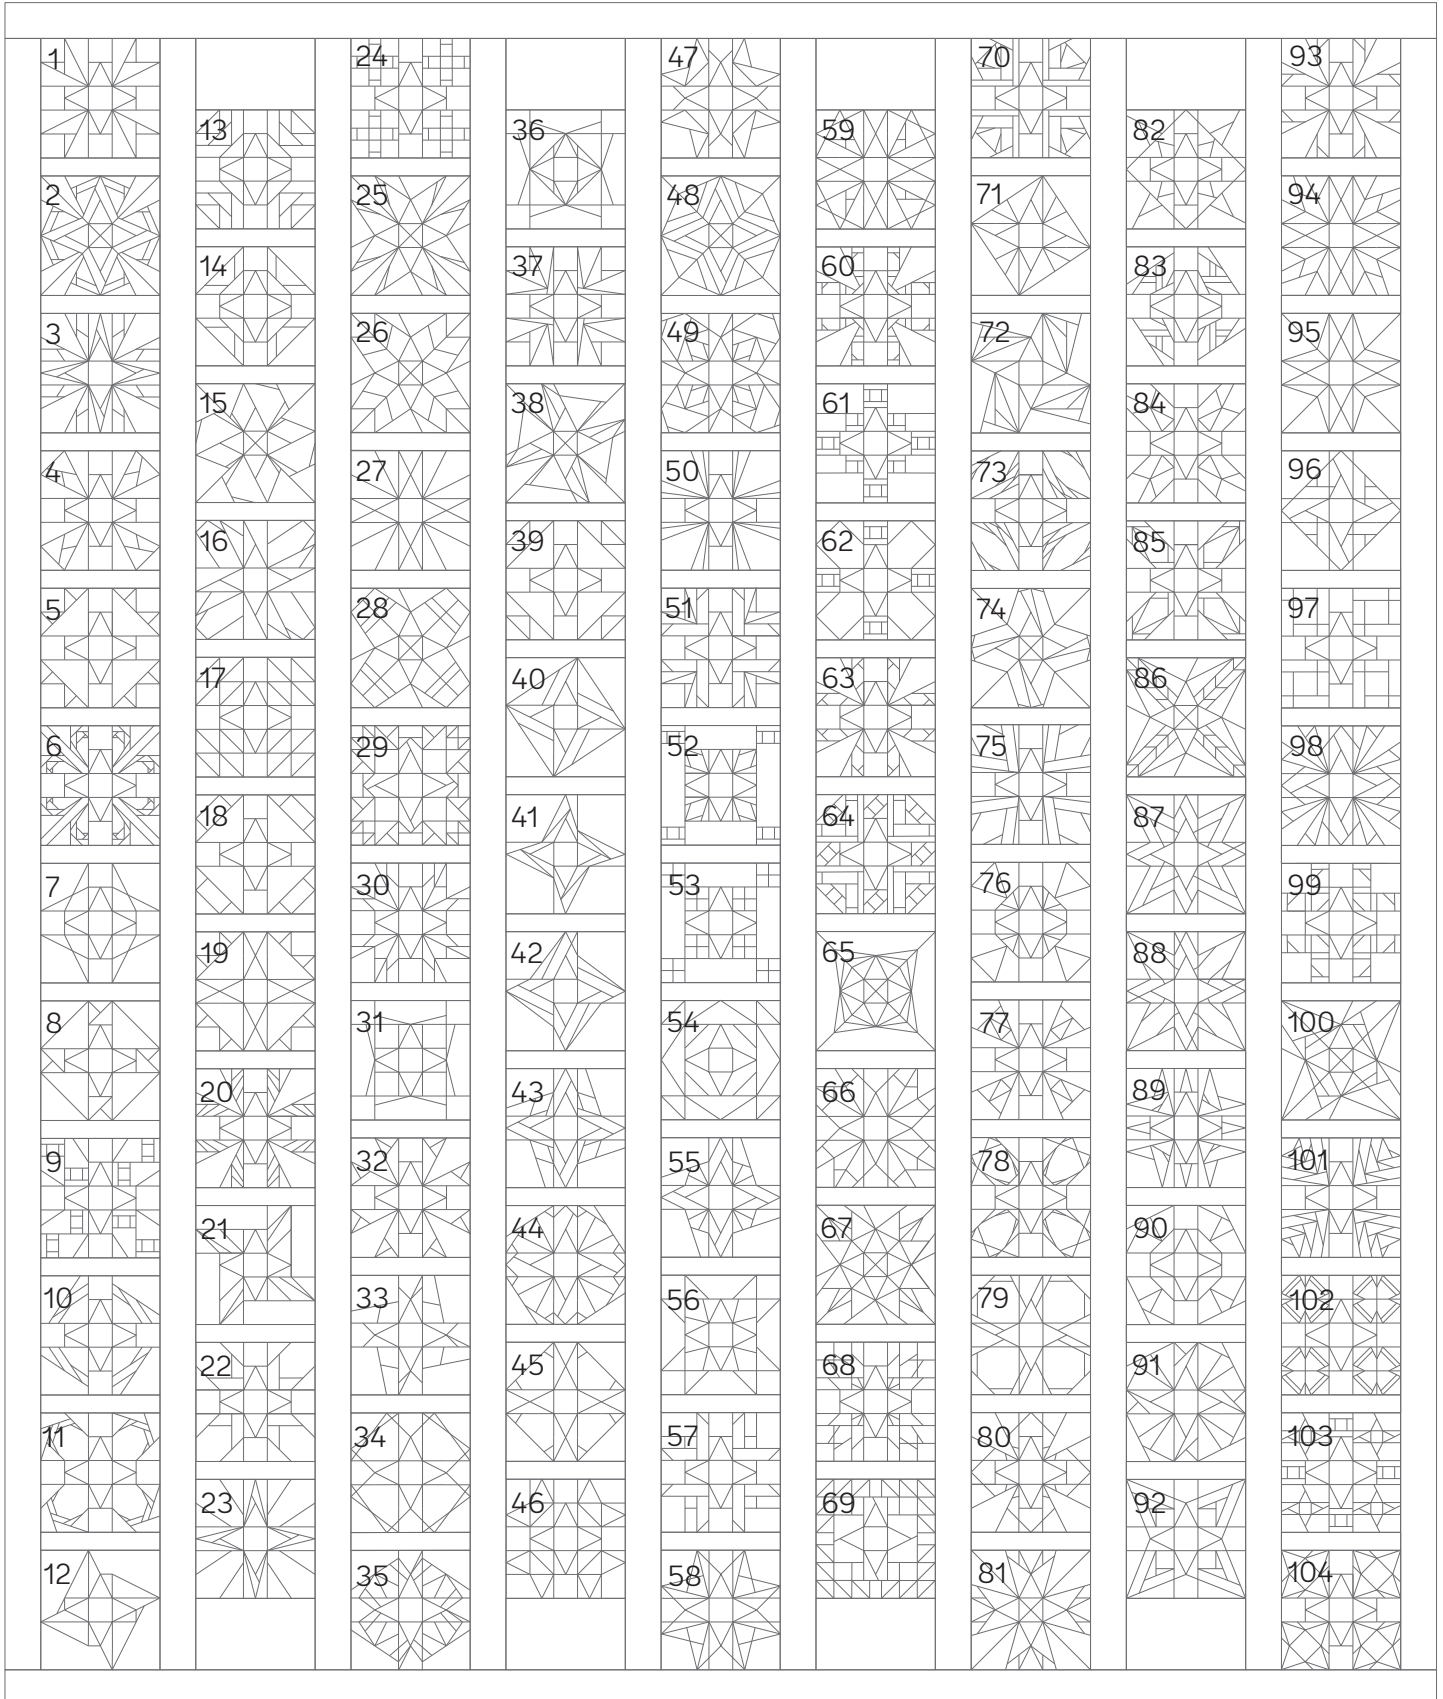

#	Light	Medium	Dark	
1				
2				
3				
4				
5				
6				
7				
8				

Cool colors

#	Light	Medium	Dark	
9				
10				
11				
12				
13				
14				
15				
16				

Color layout planner (blank)

Use this color planner to arrange your block layout in a different way from the cover quilt and to cross off blocks as you finish them. The small numbers are the block numbers.

Layout planner (blank, no blocks)

Use this color planner to decide your color layout, using a different block arrangement from the cover quilt.

The image shows a large grid for a quilt layout planner. It consists of 10 columns and 20 rows of rectangular blocks. Each block is a simple rectangle with a thin border. The grid is intended for users to draw or write in, to plan the color layout of a quilt. The blocks are arranged in a regular, repeating pattern across the entire page.
